

M.SHAHID

WEB DEVELOPER

PROFILE

I'm Shahid, a WordPress Developer with over **4 years** of experience. I **help agencies and freelancers** who need a reliable developer to manage website projects efficiently and professionally. Whether it's building custom WordPress sites, converting designs from **Figma or PSD**, or handling urgent overflow work, I ensure fast delivery without compromising on quality. My focus is on creating **responsive, high-performing** websites that are easy to manage and built to scale, making me a dependable **long-term** partner for ongoing projects and support.

CORE SKILLS & EXPERTISE

- ✓ WordPress, Elementor Pro, and WooCommerce Specialist
- ✓ Experienced in Business, E-commerce, Blog, Portfolio Websites
- ✓ Ability to Clone or Redesign Existing Websites with a Modern Look
- ✓ Convert Figma, PSD, Adobe XD, and HTML Designs into WordPress
- ✓ Manage and Maintain Multiple Client Websites for Agencies
- ✓ Perfect Fit for Agencies or Freelancers with Overflow or Recurring Projects
- ✓ Reliable Long-Term Collaboration with Fast Turnaround Time

ACHIEVEMENTS

- Successfully developed and delivered **300+ WordPress websites** for clients across various industries, including business, eCommerce, health, and education.
- Achieved consistent **5-star client** feedback on freelance platforms due to high-quality design, performance optimization, and responsive support.
- Delivered multiple projects under tight deadlines while maintaining exceptional design standards and functionality.
- Built long-term client relationships, resulting in over 80% repeat business and referrals from satisfied clients.
